

Dear Parents

*****Urgent*****

It has come to our notice that Van drivers are overloading the vans and putting the safety and well being of children at stake. Instead of 10 students, almost 15-20 students are traveling at one go. Parents are requested to consider it seriously.

We would like to inform you that School is in no way linked with any Van Associations.

School will not be responsible in case any accident or mishap happens due to these overloaded Vans.

Hence, we request the Parents to avoid hiring such vans that overload beyond the capacity permitted.

Regards

Principal
